U.S. Pat. No. 7,409,844

Issued: August 12, 2008

Inventor: Lars Ingvarsson

Title: Apparatus For Thinning Upstanding Sides Of Metal Sheets

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

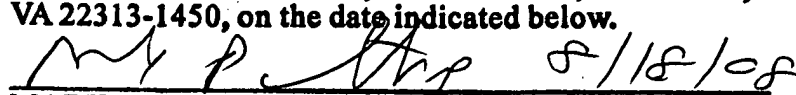

Certificate
AUG 27 2008
of Correction

**REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 35 U.S.C. 254**

Enclosed is a proposed Certificate of Correction submitted to the Patent & Trademark Office for approval.

Patent Claims 10 and 13 correspond to application Claims 22 and 23, respectively. At line 13 of each of patent Claims 10 and 13, the numeral "50" was printed instead of the correct term "so". The Patentee respectfully requests that Claims 10 and 13 be corrected to conform to allowed application Claims 22 and 23,

**I hereby certify that this correspondence is
being deposited with the United States Postal Service
as first class mail in an envelope addressed to
Commissioner for Patents, P.O. Box 1450, Alexandria,
VA 22313-1450, on the date indicated below.**

as presented in the Amendment After Final Rejection filed on April 17, 2008.

In addition to the above, patent Claim 13, which corresponds to application Claim 23, includes the expression "freely movable sideways and are guided sideways by the upstanding sides of the sheet for adaptation to the width of the sheet". However, this expression is not included in allowed application Claim 23, as presented in the Amendment After Final Rejection filed on April 17, 2008. The Patentee requests that patent Claim 13 be corrected to conform to allowed application Claim 23.

The Patentee submits that the errors sought to be corrected herein did not result from any error or mistake by the Patentee, but apparently were typographical errors made by the Patent & Trademark Office during the printing of the issued patent. Accordingly, no fee for the issuance of the requested Certificate of Correction is enclosed.

Respectfully submitted,

Mark P. Stone
